Please be sure to review the following pages. The pages include the additional publishing tasks required to create the conference proceedings with resource links to assist organizers and PDF instructions to be distributed to your authors.

Thank you for using IEEE PDF eXpress!

Required Publishing Tasks for Conference Publishers

1. If IEEE is the copyright holder, all authors, which intend on publishing in the IEEE Xplore Digital Library are required to provide a transfer of copyright. IEEE Conferences, Events & Experiences (CEE) will reach out to you with next steps on the Copyright transfer process.

2. PDF eXpress file collection is now available on all conferences. Organizers can choose to utilize this function to download submissions that are "Approved for Collection" by authors. This can be done by clicking on the zip icon" in the IEEE PDF eXpress site.

3. Instruct your authors to use the IEEE PDF eXpress site to validate their papers (see following page).

4. **Provide IEEE *Xplore*®-compatible PDFs to IEEE Conferences, Events & Experiences (CEE).**
   IMPORTANT: Any changes made to a PDF after IEEE PDF eXpress conversion or PDF Checking may invalidate *Xplore* compatibility. This includes headers, page numbers, copyright notice, watermarks, etc. If any of these elements are desired, they should be added to the document before a PDF is created.

5. **All PDFs to be included in IEEE *Xplore*®** (e.g. title page, copyright page, author index, etc.) should be validated through PDF eXpress for *Xplore* compatibility

6. Always use the IEEE Packing List Generator to create the packing list. Remember to include all files you wish to be posted to IEEE Xplore when creating the packing list. In addition to the technical papers, please include copyright page, title page, table of contents, and author index. Please ensure that all paper file names are less than 50 characters.

7. Always use the IEEE Packing List Checker to validate the packing list prior to submission. The packing list checker tool should be used anytime a change is made to the packing list.

8. If you are not using a publishing vendor's assistance, use the IEEE Packing List Generator (from the IEEE Publishing Technology Resources web page) to expedite delivery of your PDFs to *Xplore*.

9. Distribute the following page to your authors to provide them access to free Word and LaTeX templates and to PDF instructions MS Word and LaTeX templates.

PDF Instructions for your Authors

2026 International Conference on Computational Intelligence Systems and Devices (ICCISD)

Before Creating a PDF
Proofread your source document thoroughly to confirm that it will require no revision.

Creating your PDF eXpress Account

Log in to the IEEE PDF eXpress® site

First-time users should do the following:

1. Create Account
2. Enter the following:
   - ~~~~ for the Conference ID
   - your email address
   - a password
3. Continue to enter information as prompted.

   An Online confirmation will be displayed and an email confirmation will be sent verifying your account setup.

Previous users of PDF eXpress need to follow the above steps but should enter the same password that was used for previous conferences. Verify that your contact information is valid.
